

# Patent List

## Granted Patents

No.	English Title	Application No.	Publication No.	Date
1	A Cementitious Agent	ZL 2016 1 0122240.8	CN 105948691 B	2019-09-17
2	A Gas-Hardening Inorganic Cementitious Hot-Press Film	ZL 2018 2 1160072.2	CN 208841967 U	2019-05-10
3	A Molded Panel	ZL 2018 2 1126164.9	CN 20884121 U	2019-05-10
4	A Molded Composite Lightweight Panel	ZL 2018 2 1126367.8	CN 208774665 U	2019-04-23
5	A Straw Brick	ZL 2018 2 1126163.4	CN 208777541 U	2019-04-23
6	A High-Performance Autoclaved Fiber Composite Board	ZL 2018 2 1160096.8	CN 208774173 U	2019-04-23
7	A Straw Picture Panel	-	-	-

## Submitted Patent Applications (Pending)

No.	English Title	Application No.
1	A textile waste board manufacturing process	2021108973930
2	An Efficient and Environmentally Friendly Marine Plastic Waste Treatment System and Its Preparation Method	819457

## Patents to Be Filed

No.	English Title
1	Method and System for Constructing Low-Cost Housing Using Waste Tires with Mold-Cementitious Technology
2	Method and System for Constructing Low-Cost Housing Using Waste Textiles with Mold-Cementitious Technology
3	Method and System for Constructing Low-Cost Housing Using Waste Plastics with Mold-Cementitious Technology
4	Method for Treating Fiberglass-Reinforced Plastics from Abandoned Yachts
